MONIKA KUMARI

+91 9931124679 · monikakumari4687@gmail.com · LinkedIn · GitHub · LeetCode

Second-year B.Tech CS student seeking a Software Engineering internship. Strong fundamentals in Data Structures, Algorithms, and OOP; has independently designed and shipped three full-stack and AI-driven projects. Solving DSA problems consistently on LeetCode (50+ solved) to sharpen algorithmic problem-solving, with hands-on exposure to quantitative research (J.P. Morgan) and applied AI (Cisco).

Programming Languages – C++, Java, Python

Web Technologies – HTML, CSS, JavaScript

Database – SQL, MySQL

Tools – Git, GitHub, VS Code

Core Concepts – Data Structures and Algorithms, OOP, DBMS

Projects

Personal Portfolio Website – HTML, CSS, JavaScript [Live Demo]

Designed and developed a personal portfolio website to showcase skills, projects, certifications, and contact information.

KrishiFleet – Web Development, Data-driven Solutions

Developed a farming machinery platform concept that helps farmers find suitable agricultural machines, estimate job costs, and book equipment efficiently.

Hyper-Personalized Learning Assistant – AI/ML

Worked on a learning assistant concept that adapts learning content to students' pace, knowledge gaps, and learning needs.

Education

B.Tech in Computer Science and Technology – SAGE University, Indore, India Aug 2025 — Jun 2029

Relevant Coursework: Data Structures, Algorithms, Machine Learning, Database Management, Data Visualization, Python Programming, Cloud Computing

Certifications

- **J.P. Morgan** – Quantitative Research Job Simulation [Certificate]
- **Introduction to Modern AI** – Cisco Networking Academy [Certificate]
- **Forage** – Job Simulation [Certificate]
